# Bursting @ the Seams

This year's yearbook theme, "Bursting @ the Seams", was inspired by our record high enrollment and school spirit! Whether it is the Senior class or the attendance at our sporting events, Annie Wright is bigger and better than ever before. Even though we barely fit in the chapel and the lunch line stretches out of the cafeteria, we still manage to have a wonderful time! From September to June, Annie Wright is a busy place and we, the yearbook staff, are proud to document all the fun we had this year.

Thank you Annie Wright, for all 14 years and for all you have done for me. The best friends and teachers that I met here have made me who I am and I regret nothing.

The friends that I made here, I love you all, especially Kaitlyn and Karissa for being there for me, always making me laugh, and always hanging out with me.

To the AWS volleyball team, you guys made volleyball the love of my life and have become my second family and I will never find another team like it. I will always remember going to state two years in a row. I will miss everyone on the team and will remember the bond between all of us for forever.

To my parents, I love you both so much and no matter how annoying the both of you can be, I would not change anything. Dad, I love your jokes and your obsession with volleyball. Mom, thank you for showing me that being a business woman and mom at the same time is possible and for always taking care of me. Most importantly, thank you mom and dad for letting me be the heart and shining star of your lives.

To everyone that I've spent the last one, two, or three years with; thank you. Family is so hard to come by these days, and I couldn't have asked for a better one. I will remember the good times, I will remember the bad; but most of all, I will always remember what you have done for me. It has changed my life forever.

Humbug Witch is a Halloween story that has been enjoyed by many kids and their fathers on the annual Pre-K pumpkin carving night. Originally, 17 years ago, the story was read and a doll was used to act out the story. The Dowling family, who had 4 children come through Pre-K, loved it so much they started a tradition: they put together the props, made the costume, dressed up, narrated, and acted out the story. The parts of Humbug Witch and Fred the Cat were played by various family members. When their children and family outgrew the event, they passed it on, costumes and all, to the Bates family who has done it for years as well. This was their final year and they have now passed the torch on to the Weeks family. Thank you to all three families for their dedication to a much loved, fun evening and tradition.

# Alee Whitman

She is complex yet simple. She is energy and passion,
She is pure inner strength, heart, and compassion.

She's a soft cool rain on a hot summer day.
She makes me laugh with the funny things she will say.

She is homework and sports, and what a social life.
With that amazing smile, she melts me like ice.

When she enters your soul, all that was dark turns bright.
She's the pride that I feel when I know she's done right.

If the past is a measure of where she will be
Success is the future she will undoubtedly see.

So now you know who she is, thats my little girl.
I love her with all my heart and I always will.

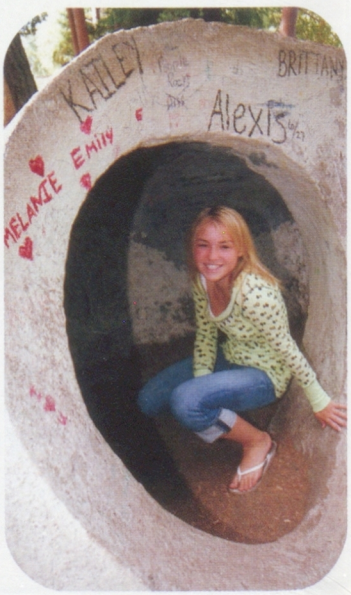

I will cherish forever the time we have spent.
As the best part of my life is being her parent.

# Weaving the year together
## 2007-2008 Yearbook Staff

Seniors Karissa Keiter, Lorren Shadko, and Hannah Graf give a thumbs up to yearbook.

It is hard to believe that the 2007-2008 school year is almost finished. This past year was packed full of events and spirit, it truly was ***bursting at the seams***. I would like to thank the yearbook staff for the dedication they showed throughout the year. Completing this book required a lot of effort and time, but the staff successfully rose to the challenge and we exceeded our highest expectations. Congratulations Class of 2008! Best of luck as you travel beyond the hedge. I wish you all the best in the coming year. Grow, take risks and remember what you would do if you knew you could not fail!

~Lorren Shadko, Co-Editor in Chief
